CHANDAN KUMAR

FULL STACK DEVELOPER

NodeJS | NextJS | React Native

chandanknl77@gmail.com • 8708021345 • Karnal, Haryana

GitHub • Portfolio

PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of hands-on experience building scalable web and mobile applications using React.js, Next.js, React Native, Node.js, Express.js, TypeScript, MongoDB and PostgreSQL. Experienced in RESTful API development, database optimization, real-time communication, payment integration, offline-first architecture and secure video streaming. Proven track record of improving API performance by up to 40%, building production-grade applications, and delivering solutions used by thousands of users.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript
Frontend: React.js, Next.js, React Native, Redux Toolkit, React Query, HTML & CSS
Backend: Node.js, Express.js, RESTful APIs, Socket.io, Redis
Databases: MongoDB, PostgreSQL, MySQL
Tools: Git, GitHub, Docker
Integrations: Payment Gateways, Push Notifications, Real-Time Communication, Secure Video Streaming

PROFESSIONAL EXPERIENCE

FULL STACK DEVELOPER (MERN) | Globe13 Digital Private Limited

Mar 2023 – Present | Karnal, Haryana, India

- Developed scalable and reusable UI components using React.js, Next.js and React Native.
- Built and maintained React Native applications serving 10,000+ users.
- Implemented offline-first architecture and background synchronization for low-connectivity environments.
- Integrated payment gateways, push notifications, secure video streaming and real-time communication features.
- Designed and developed RESTful APIs using Node.js and Express.js.
- Optimized database queries, caching and backend performance, reducing API response times by up to 40%.
- Implemented security best practices to improve application reliability and maintainability.
- Managed and optimized MongoDB and MySQL databases.
- Conducted code reviews and maintained version control using GitHub.

SELECTED PROJECTS

Jazzagain — E-commerce Fashion Platform

Tech Stack: Next.js, TypeScript, Redux Toolkit

- Built a full-scale e-commerce platform supporting 50,000+ users.
- Implemented product management, payment integration and delivery tracking.
- Enhanced real-time chat using Socket-based communication.
- Designed role-based authentication for buyer, seller and admin workflows.

CRM Mobile Application — Offline-First System

Tech Stack: React Native, Node.js, Express.js, MongoDB

- Developed a mobile CRM application with offline data storage and automatic synchronization.
- Enabled client management, task tracking and scheduling workflows.
- Implemented background synchronization for low-connectivity environments.

SPIREPLAY — Video Streaming App

Tech Stack: React Native, Node.js, MongoDB, Razorpay

- Built a scalable mobile video streaming platform with secure content delivery.
- Integrated subscription and purchase payment flows.
- Implemented AES-128 encryption for secure media storage.

AGROART — Agri-Tech Website

Tech Stack: Next.Js, Tailwind CSS, Material UI

- Developed a responsive website for an agri-tech platform.
- Implemented a lead-generation system for customer inquiries.
- Designed UI for showcasing services and products.

EDUCATION

- **Master of Computer Applications (MCA)**
  Kurukshetra University | 2022–2024

- **Bachelor of Computer Applications (BCA)**
  Pt. CLS Gov. College, Karnal (KU) | 2017–2020

KEY ACHIEVEMENTS

- Improved API performance by up to 40% through query optimization, caching and performance tuning.
- Applied DRY principles to build clean, maintainable and reusable code, reducing redundancy and improving development efficiency.
- Built and deployed multiple production-grade applications supporting thousands of users.
- Mentored junior developers and contributed to improved team productivity.
